

SKULL CAMP

Social House

So...what is a "Social House?"

Well, the "Urban Dictionary" defines it as "a place where people come together in order to "socialize" which involves conversation, people watching, eating and drinking and generally being in the company of others".

That's a pretty good description of what we've always wanted our Skull Camp taproom to be, with the added benefit of offering great craft beverages...Cider, Seltzer, Wine, & Beer! For more about Skull Camp, our history, and our focus, check out our story on the "Table Talker"
